

Journal & e-Package Services

Discover why working with EBSCO to acquire and manage your journals and e-packages helps you make the most of your subscription spend.

With EBSCO's services for biomedical libraries you can...

Streamline Workflow

- Explore content options — including e-journals, e-packages, print titles, and more — through the most complete and accurate title file in the industry, with more than 385,000 titles from 128,000 publishers worldwide.
- Select, acquire, integrate, administer, evaluate and renew your resources via EBSCONET Subscription Management.
- Renew e-journal package subscriptions accurately with system-enforced contract terms, make changes to your collection and see the impact on your spend in real time via E-Package Renewals on EBSCONET.

Increase Usage

Order e-journals and e-packages through EBSCO and enhance the end-user experience through simplified and streamlined access. With SmartLinks+ users get immediate, one-click access — whether searches originate in our EBSCOhost databases or our industry-leading EBSCO Discovery Service.

Optimize with Ease

Collect, consolidate and report on the usage of your e-resources. With EBSCO's subscription services and our suite of management solutions, you have instant access to the data you need to quickly evaluate your collection.

Rely on Highly-Skilled Customer Support

EBSCO offers personal service for your account and on-site instruction, as well as online training and helpful instructional videos that are available at any time.
