

Reaching new heights

Support learning and instruction using Explora, a modern and efficient research experience designed specifically for schools and public libraries.

Tools to Increase Productivity

- Seamless authentication through Clever SSO, Google Sign in and other methods
- Integration with Microsoft OneDrive, Google Drive and Google Classroom for easy saving and sharing of content
- Citation tool to help students format references
- Text-to-Speech for HTML articles to assist struggling readers, auditory learners and those developing English-language proficiency — coming soon!

Instructional Support for Educators

- LTI v1.3-certified faculty apps for Schoology, Canvas, Blackboard and Moodle, meaning educators can search Explora content and link to full text from right within their learning management systems
- Reading level indicators (Lexile® Measures) to simplify discovery of grade-appropriate content
- Curriculum Standards Module to help educators find EBSCO content that aligns with Common Core, state and provincial curriculum standards

Key Content & Features

- Simple search that yields relevant results, including articles, essays and primary source documents
- Easy-to-browse topic categories and featured content buttons
- Topic Overviews that provide students with a starting point for research
- Fresh, mobile-friendly design
- Powerful filters for narrowing search results
- Personalized dashboard for organizing research projects and saving materials across devices
- Top videos from the Associated Press, the world's leading news agency
- Option to include your library's EBSCO eBooks
- Full-text translation in more than 30 languages for HTML articles — coming soon!
